GREEN DIAMOND™ AR

ALCOHOL REPLACEMENT

DESCRIPTION

GREEN DIAMOND™ AR ALCOHOL REPLACEMENT is designed for use on most presses and alcohol dampening systems. It greatly reduces or eliminates the need for alcohol in the fountain solution mix. This product will help the printer meet today's regulatory standards while producing excellent results on press.

FEATURES & BENEFITS

EASY TO MIX

LOWER DOSAGE RATE THAN IPA

SAFER - HIGHER FLASH POINT THAN IPA

ELIMINATES COLOR VARIATION DUE TO "DRY BACK"

PROVIDES TRUER COLOR

IMPROVES INK MILEAGE

DIRECTIONS FOR USE

Use 1 - 3 ozs./gal. of fountain solution.

Mix fountain solution and water first, then add alcohol replacement.
